ENGINEERED WITH LEAF-SPRING TECHNOLOGY

DESCRIPTION

A safety trainer built for strength, endurance, and reliable all-day performance. Its breathable industrial nylon upper offers lightweight comfort, while abrasion-resistant details provide long-lasting protection in tough environments.

Heat bonded and stitched toe guards are reinforced with TPU rubber lace supports for added resilience. Entirely metal-free, Clinch is equipped with composite safety toe caps and a non-metal puncture-resistant midsole, offering protection without sacrificing comfort or flexibility.

Inside, utilising the patented Redbacks cushioning system, every pair of Bobcat® Safety Footwear is engineered with energy-returning Leaf-Spring Technology insoles. Absorbing shock, reducing fatigue, and supporting the feet, knees, and back.
