AKRON

CODE	BC52536 H0X
COLOUR	ALL BLACK
SCS	S3S SR FO

ENGINEERED WITH LEAF-SPRING TECHNOLOGY

DESCRIPTION

Akron blends the features of a performance work trainer with the added support of a hiker-inspired design. Its dual-density, low-profile outsole is slip-resistant and features a Bobcat® traction-inspired tread pattern. A non-marking sole makes it suitable for use on protected surfaces. The breathable industrial nylon upper is paired with synthetic Nubuck leather and reinforced with heat-bonded toe guards stitched at the foot's natural flex point for enhanced durability.

The padded ankle collar is lined with embossed, soft-touch neoprene for comfort, while reinforced reflective heel pulls add visibility.

Inside, utilising the patented Redbacks cushioning system, every pair of Bobcat® Safety Footwear is engineered with energy-returning Leaf-Spring Technology insoles. Absorbing shock, reducing fatigue, and supporting the feet, knees, and back.

KEY FEATURES

Upper Material	Breathable, industrial woven nylon
Upper Characteristic	Water resistant
Lining	Soft-touch Lycra blend
Features	TPU bonded features on quarter
	Protective TPU toe cap and heel counter
	Reflective heel pull tab
